Question for Clients continued.....

What song would you like me to play for the Grandparents + Parents for their introduction to the wedding party? What song would you like me to play for the Bridal party members: The Bridesmaids + Groomsman, Flower Girl + Ring Bearer + Maid or Matron of Honor + the Best Man, etc.? We can do different songs for each couple or the same song for everyone. It is obviously

easier and smoother to do one song for everyone but it's up to you. Will the Parents + Wedding party go to their tables or the dance floor for your first dance? What song would you like for me to play for the Bride and Groom for their Grand Entrance? *

What is the Bride and Groom's First Dance song? *

Money/dollar/apron dance (Optional): This is a dance where both Newlyweds dance with their honored guest to either slow songs, classics, or polkas. The Maid of Honor collects the money in either an apron or a hat, ect. This is the money raised for the Newlyweds' honeymoon, new home or future spending. Song: *

Other traditions or activities (please describe!): *

Anniversary Dance (Optional): This is a special dance and is very classy. I ask for all the married couples or those in domestic partnerships only to join the Newlyweds on the dance floor for this special dance. The song should be an old classic and very familiar to the guests. I will announce the years of marriage to eliminate the couples until we get to the longest amount of years that a couple has been married for partnered. The Newlyweds could then give the doubles bottle of wine or champagne, and the winning couple could give words of advice to eat Newlyweds. Song: *

Last dance set: Open dancing till the end of the evening. Any must-play songs or do-not play songs? (Optional: I can always pick songs for reading the crowd!) *

Last Dance / Final Song: Bride and Groom: The guest join the Newlyweds for their final dance of the evening. The song can be fast or slow but it must have a strong meaning and appeal to it. It is very important to end the night out very strong like a play or a show. *

If you allow guest to request songs and they re on this list, I will politely tell them I can not play them ("Sorry, I don't have that song in my collection," "Unfortunately we are running out of time," etc.). *
